

I have been one of those lucky ones to have studied under Professor Shaheer at SPA in 2000-2002; And further work with him after the course for two years 2002-2004 , during which I gifted him his caricature on his birthday 27th April 2003/ 2004 either one. That day and the day they laid him to rest under that tree. I carry a vivid memory of that moment when I stood beside his grave while they lowered him. A sketch of what it seems to me is attached and his caricature that I made years ago.
